Commitment Terms

Term is one year from installation date. Service may be terminated by customer within first 30 days of installation if service is determined to be unreliable below 90% of time. Equipment cost of \$200 may be refunded when equipment is returned to ESI. Early termination of contract results in remaining term on contract billed at 50% of contract price. No labor will be refunded.

Please email or mail this form to ESI to begin the wireless installation process.
